RED WHITE & BLOOM BRANDS CLOSES DEBT SETTLEMENT

Toronto, Ontario, June 30, 2020 – [Red White & Bloom Brands Inc.](#) (CSE: RWB and OTC: TDRYD) (“**RWB**” or the “**Company**”) reports that it has entered into a debt settlement subscription agreement (the “**Debt Settlement Agreement**”) with an arm-length investor (the “**Investor**”) to settle outstanding advances made in the amount of CDN \$5,848,000 incurred pursuant to advances made by the Investor to Pharmaco, in consideration for the issuance of 2,339,200 units (“**Units**”) issued at a deemed price of \$2.50 per Unit (the “**Debt Settlement**”).

Each Unit shall consist of one common share (each, a “**Common Share**”) and one series 2 convertible preferred shares (each, a “**Series 2 Preferred Share**” and collectively, the “**Series 2 Preferred Shares**”) in the capital of the Company. Each Series 2 Preferred Share shall be convertible, in accordance with the formula as set out in the terms in the Company’s articles, at any time or times on or after November 24, 2020 and before April 24, 2022. Any Series 2 Preferred Shares outstanding on April 24, 2022 shall automatically convert into fully paid and non-assessable Common Shares without requiring any further action.

All securities issued in connection with the Debt Settlement will be subject to a four-month-and-one-day statutory hold period in accordance with applicable securities laws.

FORWARD LOOKING INFORMATION

This press release contains forward-looking statements and information that are based on the beliefs of management and reflect the Company's current expectations. When used in this press release, the words "estimate", "project", "belief", "anticipate", "intend", "expect", "plan", "predict", "may" or "should" and the negative of these words or such variations thereon or comparable terminology are intended to identify forward-looking statements and information. The forward-looking statements and information in this press release includes information relating to the implementation of Red White & Bloom's business plan. Such statements and information reflect the current view of the Company with respect to risks and uncertainties that may cause actual results to differ materially from those contemplated in those forward-looking statements and information.

By their nature, forward-looking statements involve known and unknown risks, uncertainties and other factors which may cause our actual results, performance or achievements, or other future events, to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements. Such factors include, among others, the following risks: risks associated with the implementation of Red White & Bloom's business plan and matters relating thereto, risks associated with the cannabis industry, competition, regulatory change, the need for additional financing, reliance on key personnel, the potential for conflicts of interest among certain officers or directors, and the volatility of the Company's common share price and volume. Forward-looking statements are made based on management's beliefs, estimates and opinions on the date that statements are made and the Company undertakes no obligation to update forward-looking statements if these beliefs, estimates and opinions or other circumstances should change. Investors are cautioned against attributing undue certainty to forward-looking statements.

The Company cautions that the foregoing list of material factors is not exhaustive. When relying on the Company's forward-looking statements and information to make decisions, investors and others should carefully consider the foregoing factors and other uncertainties and potential events. The Company has assumed a certain progression, which may not be realized. It has also assumed that the material factors referred to in the previous paragraph will not cause such forward-looking statements and information to differ materially from actual results or events. However, the list of these factors is not exhaustive and is subject to change and there can be no assurance that such assumptions will reflect the actual outcome of such items or factors. While the Company may elect to, it does not undertake to update this information at any particular time.

THE FORWARD-LOOKING INFORMATION CONTAINED IN THIS PRESS RELEASE REPRESENTS THE EXPECTATIONS OF THE COMPANY AS OF THE DATE OF THIS PRESS RELEASE AND, ACCORDINGLY, IS SUBJECT TO CHANGE AFTER SUCH DATE. READERS SHOULD NOT PLACE UNDUE IMPORTANCE ON FORWARD-LOOKING INFORMATION AND SHOULD NOT RELY UPON THIS INFORMATION AS OF ANY OTHER DATE. WHILE THE COMPANY MAY ELECT TO, IT DOES NOT UNDERTAKE TO UPDATE THIS INFORMATION AT ANY PARTICULAR TIME EXCEPT AS REQUIRED IN ACCORDANCE WITH APPLICABLE LAWS.

1. Background and Nature of Operations

MichiCann Medical Inc. (the “Company” or “MichiCann”) is a private cannabis investment company incorporated under the laws of Ontario on December 5, 2017. The Company’s head office and registered office is located at 8820 Jane Street, Concord, ON, L4K 2M9 Canada.

PharmaCo Inc. Agreements

On January 4, 2019, MichiCann entered into a put/call option agreement (the “Put/Call Option Agreement”) with PharmaCo Inc. (“PharmaCo”) and its shareholders (“PharmaCo Shareholders”) pursuant to which the PharmaCo Shareholders granted MichiCann the call right to acquire 100% of the issued and outstanding shares of PharmaCo from the PharmaCo Shareholders, and MichiCann granted all of the PharmaCo Shareholders the put right to sell 100% of the issued and outstanding shares of PharmaCo to MichiCann, in exchange for the issuance of 37,000,000 MichiCann common shares in aggregate (subject to standard anti-dilution protections) subject to all state and local regulatory approvals including the approval of the Medical Marihuana Licensing Board and/or the Bureau of Medical Marihuana Regulation within the Department of Licensing and Regulatory Affairs (“LARA”) in the State of Michigan. Each PharmaCo Shareholder shall have the right, but not the obligation, as its sole direction, to sell to MichiCann all, but not less than all, of the PharmaCo common shares held by it. As at March 31, 2020, the call option was determined to have a fair value of \$20,641,548 (December 31, 2019 - \$19,547,757) using level 3 inputs of the fair value hierarchy.

On January 4, 2019, MichiCann entered into a debenture purchase agreement (the “Debenture Purchase Agreement”) with PharmaCo pursuant to which MichiCann agreed to purchase up to \$114,734,209 United States dollars (“USD”) of an 8% senior secured convertible debenture of PharmaCo (the “Opco Debenture”). The Opco Debenture is secured by all real and personal property and interests in the real and personal property of PharmaCo, whether now owned or subsequently acquired. The Opco Debenture has a maturity date of January 4, 2023 (the “Maturity Date”).

The principal amount of the Opco Debenture is convertible into common shares of PharmaCo at a conversion price equal to the then outstanding balance of the Opco Debenture divided by the total number of PharmaCo common shares then outstanding (the “Conversion Shares”). The principal amount and accrued interest of the Opco Debenture outstanding is convertible at any time on or prior to the earlier of the business day immediately preceding: (i) the Maturity Date; and (ii) the date that is 30 days after the Company received LARA’s written approval of the Holder Application (application seeking permission to convert the Opco Debenture and own the Conversion Shares).

Notwithstanding the foregoing, the conversion of the Opco Debenture is subject to PharmaCo and MichiCann having obtained all required permits from governmental authorities in connection with MichiCann’s ownership of PharmaCo common shares, including, without limitation, all required cannabis licenses or related permits issued by LARA (but excluding any permit or other requirement which arises or may arise under any excluded law).

Illinois Facility and Mid-American Growers, Inc.

On October 4, 2019, the Company acquired all of the issued and outstanding common shares of RWB Illinois, Inc., a corporation incorporated under the laws of the state of Delaware on October 4, 2019. The consideration paid for the acquisition was USD \$1.

On October 9, 2019, the Company entered into an agreement and plan of merger (the “MAG Merger Agreement”) with MAG, RWB Illinois, Inc. and Arthur VanWingerden and Ken VanWingerden (collectively the “MAG Sellers”) pursuant to which the Company will acquire all of the issued and outstanding shares of MAG. MAG has a facility for hemp production on 124 acres of real property commonly known as 14240 Greenhouse Avenue, Granville, Illinois (the “MAG owned property”). The MAG Merger Agreement was amended on November 1, 2019 and January 9, 2020. The merger was completed on April 24, 2020 (“MAG Acquisition”) (Note 17).

MichiCann Medical Inc.

Notes to the condensed interim consolidated financial statements
For the three month periods ended March 31, 2020 and 2019
(Unaudited)
(Expressed in Canadian dollars)

Pursuant to the MAG Merger Agreement, on closing of the MAG Acquisition, the Company paid to the MAG Sellers USD \$7,100,000 in cash, USD \$14,963,298 for the settlement of MAG outstanding liabilities and issued to the MAG Sellers 17,133,579 common shares of the Company.

In addition, so long as the MAG Sellers have used commercially reasonable efforts to assist MichiCann and MAG in achieving regulatory approval of a commercial cultivation center license to MAG for the Illinois Facility described below (the "Milestone Event") (i) MichiCann shall issue to the MAG Sellers an additional 2,640,000 common shares of the Company based on a value of USD \$10,000,000 and (ii) only if the Milestone Event is achieved during calendar 2020, MichiCann shall pay to the MAG Sellers in the aggregate an additional USD \$5,000,000 in cash.

Concurrent with the closing of the MAG Acquisition, MichiCann's wholly owned subsidiary, RWB Illinois, Inc. acquired an additional 142 acres of land located in Illinois, together with the buildings, plant facilities, structures, building systems fixtures and improvements located thereon and related personal property and intangibles (together with the MAG owned property, the "Illinois Facility") for USD \$2,000,000 pursuant to a real estate purchase agreement made and entered into as of January 10, 2020 between RWB, VW Properties LLC, as seller, and each of the MAG Sellers.

2. Going Concern

These condensed interim consolidated financial statements have been prepared under the assumption of a going concern, which assumes that the Company will be able to realize its assets and discharge its liabilities in the normal course of business. As at March 31, 2020, the Company's working capital was \$23,868,973 (December 31, 2019 – working capital deficiency of \$16,071,433) and has accumulated losses of \$11,932,096 (December 31, 2019 - \$14,677,625) since inception.

These conditions indicate the existence of material uncertainties that may cast significant doubt about the Company's ability to continue as a going concern. These condensed interim consolidated financial statements do not include adjustments to the amounts and classifications of assets and liabilities that might be necessary should the Company be unable to continue operations. If the going concern assumption were not appropriate for these condensed interim consolidated financial statements then adjustments would be necessary to the carrying values of assets and liabilities, the reported expenses and the condensed interim statements of financial position classifications used. Such adjustments could be material.

COVID-19

Since December 31, 2019, the outbreak of the novel strain of coronavirus, specifically identified as "COVID-19", has resulted in governments worldwide enacting emergency measures to combat the spread of the virus. These measures, which include the implementation of travel bans, self-imposed quarantine periods and physical distancing, have caused material disruption to business globally resulting in an economic slowdown. Global equity markets have experienced significant volatility and weakness. The duration and impact of the COVID-19 outbreak is unknown at this time, as is the efficacy of the government and central bank interventions. It is not possible to reliably estimate the length and severity of these developments and the impact on the financial results and condition of the Company in future periods.

3. Basis of presentation

(a) Statement of Compliance

These condensed interim consolidated financial statements have been prepared in accordance with International Accounting Standard 34 – Interim Financial Reporting as issued by the International Accounting Standards Board ("IASB") using accounting principles consistent with International Financial Reporting Standards ("IFRS") as issued by the IASB. These condensed interim consolidated financial statements do not include all of the information required for full annual consolidated financial statements. These condensed interim consolidated financial statements should

MichiCann Medical Inc.

(Expressed in Canadian dollars)

be read in conjunction with the annual consolidated financial statements for the year ended December 31, 2019.

These condensed interim consolidated financial statements were authorized for issue by the Board of Directors on June 30, 2020.

(b) Basis of Presentation

These condensed interim consolidated financial statements have been prepared on a historical cost basis except for financial assets classified as fair value through profit or loss, which are measured at fair value, as detailed in Note 8. In addition, these condensed interim consolidated financial statements have been prepared using the accrual basis of accounting except for cash flow information.

(c) Basis of Consolidation

These condensed interim consolidated financial statements include the accounts of the Company and its wholly owned subsidiary, RWB Illinois Inc. All intercompany balances and transactions have been eliminated upon consolidation.

(d) Functional and Presentation Currency

All figures presented in these condensed interim consolidated financial statements are presented in Canadian dollars, which is the functional currency of the Company.

4. Significant Accounting Policies

(a) Use of Estimates and Judgments

The preparation of these condensed interim consolidated financial statements in conformity with IFRS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, revenues and expenses. Actual results may differ from these estimates.

Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. Accounting estimates will, by definition, seldom equal the actual results. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected.

In preparing these condensed interim consolidated financial statements, management has made significant assumptions which are applied in determining the fair values of the loans receivable and convertible debentures at the reporting date, including that the transaction with Tidal Royalty Corp. ("Tidal") will complete timely as described in Note 16 and that the Company will exercise its conversion rights pursuant to the Debenture Purchase Agreement. Should the assumptions be incorrect, it would result in a material adjustment to the carrying amount of certain assets and liabilities.

Other significant assumptions about the future and other sources of estimation uncertainty that management has made as at the condensed interim statement of financial position date that could result in a material adjustment to the carrying amount of assets and liabilities in the event that actual results differ from assumptions made, related to, but are not limited to, the following:

Share-based Compensation

The Company provides compensation benefits to its consultants, directors and officers through a stock option plan. The fair value of each option award is estimated using the Black-Scholes option

MichiCann Medical Inc.

(Unaudited)
(Expressed in Canadian dollars)

pricing model which utilizes subjective assumptions such as expected price volatility and expected life of the option. Share-based compensation expense also utilizes subjective assumptions on forfeiture rate. Changes in these input assumptions can significantly affect the fair value estimate.

Convertible Debentures

In accordance with the substance of the contractual arrangement, convertible debentures are compound financial instruments that are accounted for separately by their components: a financial liability and an equity instrument. The fair value of any derivative feature embedded in the compound financial instrument (other than the equity component, such as an equity conversion feature) is presented as a liability instrument. The identification of convertible debenture components is based on interpretations of the substance of the contractual arrangement and therefore requires judgment from management. The separation of the components affects the initial recognition of the convertible debenture at issuance and the subsequent recognition of interest on the liability component. The determination of the fair value of the liability component is also based on a number of assumptions, including contractual future cash flows, discount factors and the presence of any derivative financial instruments.

Derivative Financial Instruments

A derivative is a financial instrument whose value is based on an underlying asset or set of assets. The Company has determined that its call option represents a derivative financial instrument and as such has been measured at fair value in accordance with level 3 of the fair value hierarchy. Accordingly, the fair value of derivative financial instruments was determined using inputs that are not based on observable market data and therefore requires judgment from management.

Deferred Income Taxes

The measurement of income taxes payable and deferred income tax assets and liabilities requires management to make judgments in the interpretation and application of the relevant tax laws. The actual amount of income taxes only becomes final upon filing and acceptance of the tax return by the relevant tax authorities, which occurs subsequent to the issuance of these condensed interim consolidated financial statements.

Loans Receivable

Management applies judgment in the assessment of the collectability of the loans and interest receivable.

Accounts Receivable

Management applies judgement in the assessment of the collectability of its trade receivables included in accounts receivable.

Going Concern

The assessment of the Company's ability to continue as a going concern and to raise sufficient funds to pay its ongoing operating expenditures and meet its liabilities for the ensuing year involves significant judgment based on historical experience and other factors, including expectation of future events that are believed to be reasonable under the circumstances

(b) Equipment

MichiCann Medical Inc.

Notes to the condensed interim consolidated financial statements
For the three month periods ended March 31, 2020 and 2019
(Unaudited)
(Expressed in Canadian dollars)

Equipment is recorded at cost less accumulated depreciation and accumulated impairment losses, if any. Depreciation, based on the estimated useful lives of the assets, is provided using the following methods:

Computer	3	Straight-line
Computer software	3 years	Straight-line
	years	

Equipment acquired during the year but not placed into use are not depreciated until they are placed into use.

(c) Share capital

Common shares

Common shares are classified as equity. Transaction costs directly attributable to the issuance of common shares and share options are recognized as a reduction from equity

Equity units

Proceeds received on the issuance of units, consisting of common shares and warrants, are allocated first to common shares based on the comparable issuance price of common shares issued without warrants. Any excess of proceeds is allocated to warrants. Transaction costs directly attributable to the issuance of units are recognized as a reduction from equity.

(d) Impairment of non-financial assets

At each date of the condensed interim statements of financial position, the Company reviews the carrying amounts of its non-financial assets to determine whether there is an indication that those assets have suffered an impairment loss. If any such indication exists, or when annual impairment testing for an asset is required, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash generating unit to which the assets belong.

The recoverable amount is the higher of fair value less costs to sell and value in use. In assessing the value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators. If the recoverable amount of an asset (or cash generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash generating unit) is reduced to its recoverable amount. An impairment loss is recognized immediately in the condensed interim statements of comprehensive loss, unless the relevant asset is carried at a re-valued amount, in which case the impairment loss is treated as a revaluation decrease.

Where an impairment loss subsequently reverses, the carrying amount of the asset (cash generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognized for the asset (or cash generating unit) in prior years. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised.

To date the Company has not recognized any impairment loss.

(e) Share-based compensation

Share-based compensation to employees and those providing employee-like services are measured at the fair value of the instruments issued at the grant date and recognized over the vesting periods using the graded vesting method. Share-based payments to non-employees are measured at the fair value of goods or services received or the fair value of the equity instruments issued, if it is determined the fair value of the goods or services cannot be reliably measured and are recorded at the date the goods or services are received.

If it is determined that the fair value of goods and services received cannot be reliably measured, the share-based expense is measured at the fair value of the equity instruments issued using the Black-Scholes option pricing model. For both employees and non-employees, the fair value of share-based compensation expense is recognized in profit or loss, with a corresponding increase in contributed surplus. When options expire unexercised, these amounts are reclassified into deficit.

(f) Earning (Loss) per share

Loss per share is calculated using the weighted average number of common shares outstanding. The Company uses the treasury stock method to compute the dilutive effect of options, warrants and similar instruments. The calculation of diluted earnings per share assumes that the outstanding options and warrants are exercised, and the proceeds are used to repurchase shares of the Company at the average market price of the shares for the period. Diluted loss per share is not presented if the effects are anti-dilutive.

(g) Income taxes

Deferred tax is calculated on all temporary differences at the condensed interim statement of financial position date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized.

Such deferred tax assets and liabilities are not recognized if the temporary difference arises from goodwill or from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilized.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the year when the asset is realized, or the liability is settled, based on the tax rates that have been enacted or substantively enacted at the reporting date.

Deferred income tax assets and deferred income tax liabilities are offset, if a legally enforceable right exists to set off current tax assets against current income tax liabilities and the deferred income taxes relate to the same taxable entity and the same taxation authority.

(h) Foreign currency translation

Transactions in foreign currencies are initially recorded in the functional currency at the rate in effect at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are retranslated at the spot rate of exchange in effect at the reporting date. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rate as at

MichiCann Medical Inc.

(Expressed in Canadian dollars)

the date of the initial transaction. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. All exchange differences are recorded in profit and loss.

(i) Financial instruments

The Company recognizes a financial asset or liability when it becomes party to the contractual provisions of the instrument. The Company classifies its financial assets and financial liabilities in the following measurement categories:

- i) those to be measured subsequently at fair value through profit or loss ("FVTPL");
- ii) those to be measured subsequently at fair value through other comprehensive income ("FVOCI"); and
- iii) those to be measured at amortized cost.

The classification of financial assets depends on the business model for managing the financial assets and the contractual terms of the cash flows. The Company reclassifies financial assets if and only when its business model for managing those assets changes. Financial liabilities are not reclassified.

Financial assets at amortized cost

Loans and receivables are financial assets with fixed or determinable payments that are not quoted in an active market. Subsequent to initial recognition, these financial assets are recorded at amortized cost using the effective interest method, except for short-term receivables when the recognition of interest would be immaterial. Financial assets in this category include accounts receivable and loans receivable.

Financial assets at fair value through profit or loss

All financial assets not classified as measured at amortized cost are measured at FVTPL. Derivative financial instruments that are not designated and effective as hedging instruments are classified as FVTPL. The Company has no designated hedges. Financial instruments classified as FVTPL are stated at fair value with changes in fair value recognized in profit or loss for the period. Financial assets in this category include cash and call option.

Financial assets at fair value through other comprehensive income

A financial asset measured at fair value through other comprehensive income is recognized initially at fair value plus transaction cost directly attributable to the asset. After initial recognition, the asset is measured at fair value with changes in fair value included as "financial asset at fair value through other comprehensive income" in other comprehensive income. The Company does not have any financial assets classified as fair value through other comprehensive income.

Impairment

The Company assesses all information available, including on a forward-looking basis the expected credit loss associated with its assets carried at amortized cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk. To assess whether there is a significant increase in credit risk, the Company compares the risk of a default occurring on the asset as at the reporting date with the risk of default as at the date of initial recognition based on all information available, and reasonable and supportive forward-looking information. For trade receivables only, the Company applies the simplified approach as permitted by IFRS 9. The simplified approach to the recognition of expected losses does not require the Company to track the changes in credit risk; rather, the Company recognizes a loss allowance based on lifetime expected credit losses at each reporting date from the date of the trade receivable.

MichiCann Medical Inc.

Notes to the condensed interim consolidated financial statements

(Unaudited)
(Expressed in Canadian dollars)

Evidence of impairment may include indications that the counterparty debtor or a group of debtors is experiencing significant financial difficulty, default or delinquency in interest or principal payments, the probability that they will enter bankruptcy or other financial reorganization and where observable data indicates that there is a measurable decrease in the estimated future cash flows, such as changes in arrears or economic conditions that correlate with defaults. Receivables are reviewed qualitatively on a case-by-case basis to determine whether they need to be written off.

Expected credit losses are measured as the difference in the present value of the contractual cash flows that are due to the Company under the contract, and the cash flows that the Company expects to receive. The Company assesses all information available, including past due status, credit ratings, the existence of third-party insurance, and forward looking macro-economic factors in the measurement of the expected credit losses associated with its assets carried at amortized cost.

The Company measures expected credit loss by considering the risk of default over the contract period and incorporates forward-looking information into its measurement.

Financial liabilities at amortized cost

Financial liabilities at amortized cost are non-derivatives and are recognized initially at fair value, net of transaction costs incurred, and are subsequently stated at amortized cost. Any difference between the amounts originally received, net of transaction costs, and the redemption value is recognized in profit or loss over the period to maturity using the effective interest method.

Financial liabilities at amortized cost are classified as current or non-current based on their maturity date. Financial liabilities in this category include accounts payable and accrued liabilities and bridge financing.

Financial liabilities at fair value through profit or loss

This category is comprised of derivative financial liabilities. Derivative financial liabilities are initially recognized at their fair value on the date the derivative contract is entered into and are subsequently remeasured at their fair value at each reporting period with changes in the fair value recognized in profit or loss. Financial liabilities in this category include convertible debentures.

Fair value hierarchy

The following table summarizes the fair value hierarchy under which the Company's financial instruments are valued.

- Level 1 - Unadjusted quoted prices in active markets for identical assets or liabilities;
- Level 2 - Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly; and
- Level 3 - Inputs for the asset or liability that are not based upon observable market data.

Offsetting financial assets and liabilities

Financial assets and liabilities are offset and the net amount is presented in the condensed interim statement of financial position only when the Company has a legally enforceable right to set off the recognized amounts and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

5. Accounts Receivable

Accounts receivable is comprised of:

MichiCann Medical Inc.

(Expressed in Canadian dollars)

	March 31, 2020 \$	December 31, 2019 \$
Trade receivables	1,537,247	1,111,637
Sales tax receivable	64,949	351,751
Total accounts receivable	1,602,196	1,463,388

Trade receivables are related to management fees charged to PharmaCo.

Sales tax receivable represents input tax credits arising from sales tax levied on the supply of goods purchased or services serviced in Canada.

6. Loans Receivable**(a) Debenture with PharmaCo**

During the year ended December 31, 2018, the Company advanced a series of funds, totalling \$5,700,400, to PharmaCo, an arms-length party, in the form of a debenture. The debenture was non-interest bearing, unsecured and is due on demand. On January 4, 2019, the debenture totalling \$5,700,400 was transferred into the Opco Debenture, which is discussed below.

(b) Debt settlement on behalf of PharmaCo

During the year ended December 31, 2018, the Company issued 4,810,000 common shares valued at \$1.00 per common share for a total of \$4,810,000 to a third-party, as consideration to settle amounts owed by PharmaCo to the third-party. The amount due from PharmaCo to the Company of \$4,810,000 (December 31, 2019 - \$4,810,000) is non-interest bearing, unsecured and has no fixed terms of repayment. This debenture is included in current loans receivable as of March 31, 2020.

(c) OpCo Debenture

On January 4, 2019, the Company entered a Debenture Purchase Agreement with PharmaCo. Under the terms of this agreement, the Company will advance a principal amount of up to USD \$114,734,209. As of December 31, 2019, the Company has advanced \$55,633,830 (December 31, 2019 - \$48,502,029) plus the \$5,700,400 debenture that was transferred to the OpCo Debenture for a total advance of \$61,334,230 (December 31, 2019 - \$54,202,429). The OpCo Debenture earns interest at 8% per annum and is secured by all real and personal property and interests in the real and personal property of PharmaCo, whether now owned or subsequently acquired. The OpCo Debenture including all accrued interest has a maturity date of January 4, 2023. As of March 31, 2020, there is \$5,045,640 (December 31, 2019 - \$3,832,577) of accrued interest relating to the OpCo Debenture included in non-current loans receivable.

Concurrent with the OpCo Debenture, the Company entered a Put/Call Option Agreement with PharmaCo, as described in Note 1. Both the OpCo Debenture and the call option are financial instruments measured at fair value through profit or loss. As at March 31, 2020, the fair value of the OpCo Debenture was determined to be \$40,022,039 (December 31, 2019 - \$30,246,853) and the fair value of the call option was determined to be \$20,641,548 (2018 - \$23,955,576). During the period ended March 31, 2020, the Company recorded a revaluation of call option of \$1,478,257 (2019 - \$nil)

During the period ended March 31, 2020, the Company recorded accretion income of \$682,343 (2019 - \$nil) on the Opco Debenture. As of March 31, 2020, the value of the OpCo Debenture of \$40,704,382 (December 31, 2019 - \$32,587,017) is included in non-current loans receivable.

(d) Promissory note with PharmaCo

On June 7, 2019, the Company entered a Promissory Note Agreement ("Promissory Note") with PharmaCo. Under the terms of this agreement, the Company advanced a principal amount of \$30,648,517. The Promissory Note is non-interest bearing, unsecured, and matures on January 2, 2020. On January 2, 2020, the Company entered a Promissory Note Extension Agreement with PharmaCo. The Promissory Note is non-interest bearing, unsecured, and matures on January 2, 2021. The funds advanced under the Promissory Note were received from the Bridge Financing (Note 12). The Promissory Note is included in current loans receivable as of March 31, 2020.

(e) Other amounts with PharmaCo

During the period ended March 31, 2020, additional funds were advanced to PharmaCo including \$50,000 (2019 - \$nil) for operating expenditures. The cumulative value of this receivable of \$350,000 (December 31, 2019 - \$300,000) is included in current loans receivable.

During the period ended March 31, 2010, \$180,175 (2019 - \$nil) of expenditures were paid by PharmaCo on behalf of the Company. The cumulative value of these advances of \$238,347 (December 31, 2019 - \$58,172) are non-interest bearing, unsecured, and have no fixed terms of repayment and are included in current loans receivable as of March 31, 2020.

During the year ended December 31, 2019, a \$670,500 deposit made by PharmaCo to Kings Garden Inc. on behalf of the Company, pursuant to the letter of intent (the "LOI") with Kings Garden Inc. (Note 16). This amount is non-interest bearing, unsecured, and has no fixed terms of repayment and is included in current loans receivable as of March 31, 2020.

(f) Other amounts with Mid-American Growers

During the period ended March 31, 2020, \$25,434,809 (2019 - \$nil) was advanced to MAG. Included in this amount was a \$20,994,979 (USD \$16,000,000) deposit for the acquisition of MAG and the Illinois Facility which was subsequently completed on April 24, 2020 (Note 17) and \$4,439,830 (USD \$3,367,000) was advanced for operating expenditures.

As of March 31, 2020, \$31,600,079 (December 31, 2019 - \$10,605,100) paid to MAG as a deposit for the acquisition of MAG and the Illinois Facility and is included in deposits at March 31, 2020. The remaining amounts paid to MAG of \$5,914,382 (December 31, 2019 - \$1,474,552) that were advanced for operating expenditures are included in current loans receivable as at March 31, 2020.

(g) Other amounts with Tidal Royalty Corp.

During the period ended March 31, 2020, \$694,444 (2019 - \$nil) was advanced to the Company by Tidal. This advance was outside of the terms of the convertible debenture with Tidal. These amounts are non-interest bearing, unsecured, and have no fixed terms of repayment and are included in current loans receivable as of March 31, 2020.

The fair values of other financial instruments, which include accounts payable and accrued liabilities, loans receivable, approximate their carrying values due to the relatively short-term maturity of these instruments.

(b) Credit Risk

Financial instruments that potentially subject the Company to a concentration of credit risk consist primarily of cash, accounts receivable and loans receivable. The Company limits its exposure to

MichiCann Medical Inc.

credit loss by placing its cash with high credit quality financial institutions. Deposits held with these institutions may exceed the amount of insurance provided on such deposits. The Company is exposed to significant credit risk on its loans receivable. The carrying amount of financial assets represents the maximum credit exposure.

(c) Foreign Exchange Rate

The Company has cash and loans receivable denominated in United States dollars and, as a consequence, the financial results of the Company's operations as reported in Canadian dollars are subject to changes in the value of the Canadian dollar relative to the US dollar. Therefore, exchange rate movements in the United States dollar can have a significant impact on the Company's operating results due to the translation of monetary assets.

At March 31, 2020, a 5% (2019 – 4%) strengthening (weakening) of the Canadian dollar against the US dollar would have increased (decreased) the Company's net income by approximately \$2,924,000 (2019 - \$2,064,000)

(d) Interest Rate Risk

Interest rate risk is the risk that future cash flows will fluctuate as a result of changes in market interest rates. Interest earned on cash is at nominal interest rates, and therefore the Company does not consider interest rate risk for cash to be significant.

As at March 31, 2020, the interest rate on loans receivable and convertible debentures is fixed based on the contracts in place. As such, the Company is exposed to interest rate risk to the extent as stated on these financial assets and liabilities.

(e) Liquidity Risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they fall due. The Company manages its liquidity risk by forecasting cash flows from operations and anticipated investing and financing activities.

As at March 31, 2020, the Company had a cash balance of \$40,612 (December 31, 2019 - \$1,378,687) available to apply against short-term business requirements and current liabilities of \$19,984,255 (December 31, 2019 - \$55,542,045). All of the liabilities presented as accounts payable and accrued liabilities are due within 90 days of March 31, 2020.

9. Related Party Transactions

The following is a summary of related party transactions that occurred during the three months ended March 31, 2020:

- (a) Included in accounts payable and accrued liabilities is \$515,500 (December 31, 2019 - \$377,157) payable to officers and a director of the Company. Amounts due to related parties have no stated terms of interest and/or repayment, and are unsecured.
- (b) Key management personnel include the directors and officers of the Company. Key management compensation consists of the following:

	March 31, 2020 \$	March 31, 2019 \$
Consulting fees paid or accrued to a company controlled by the director of the Company	40,500	-

10. Capital Management three months ended March 31, 2020 and 2019

The Company manages its capital to maintain its ability to continue as a going concern and to provide returns to shareholders and benefits to other stakeholders. The capital structure of the Company consists of cash, convertible debentures and equity, comprised of issued share capital.

The Company manages its capital structure and makes adjustments to it in light of economic conditions. The Company, upon approval from its Board of Directors, will balance its overall capital structure through new share issues or by undertaking other activities as deemed appropriate under the specific circumstances. There were no changes to the Company's approach to capital management during the three months ended March 31, 2020.

The Company is not subject to externally imposed capital requirements and the Company's overall strategy with respect to capital risk management remains the same for the periods presented.

11. Convertible Debentures

During the year ended December 31, 2019, the Company issued a \$17,650,000 (consisting of advances of \$15,000,000 and USD \$2,000,000) senior secured convertible debenture (the "Tidal Debenture") to Tidal. The Tidal Debenture becomes due and payable (the "Tidal Debenture Maturity Date") on the earlier of: (i) September 30, 2019 (extended to April 30, 2020) and (ii) the date that all amounts owing under the Tidal Debenture become due and payable in accordance with the terms of the Tidal Debenture, including following an event of default. In the event of a default, the Tidal Debenture will bear interest at 12% per annum. On March 12, 2020, the Tidal Debenture Maturity Date was extended to April 30, 2020.

The Tidal Debenture is convertible into common shares of the Company in the event that the Proposed Transaction, as described in Note 16 with Tidal is not completed prior to the Tidal Debenture Maturity Date and the Company instead completes a "Change of Control" or a "Go Public Transaction" as such terms are defined in the Tidal Debenture. In such circumstances, Tidal has the right to convert the Tidal Debenture into common shares of the Company at a price equal to the lesser of (i) \$2.50; and (ii) a 20% discount to the issue price or effective price for any financing completed as part of or concurrently with the Go Public Transaction, if applicable, or the effective purchase price per common share of the Company in the case of a Change of Control transaction. The Tidal Debenture is secured against the assets of the Company pursuant to a general security and pledge agreement dated February 25, 2019 (the "GSA and Pledge Agreement").

The Company may repay the Tidal Debenture prior to the Tidal Debenture Maturity Date at a price equal to 110% of the principal amount and any accrued interest without the prior written consent of Tidal if (i) the Proposed Transaction with Tidal is not capable of being completed prior to October 25, 2019; and (ii) both the Company and Tidal have acted in good faith and have used all commercially reasonable efforts to complete the Proposed Transaction.

On issuance, the Company determined that the conversion feature met the definition of a derivative liability and elected to measure the entire Tidal Debenture at fair value through profit or loss. This derivative liability component was determined to have a value of \$nil as at March 31, 2020.

A continuity of the liability portion of the convertible debentures is as follows:

12. Bridge Financing

On June 4, 2019, Bridging Finance Inc. (the "Lender") entered into a credit agreement (the "Credit Agreement") with the Company and PharmaCo (collectively, the "Borrowers") pursuant to which the Lender established a non-revolving credit facility (the "Facility") for the Borrowers in a maximum principal amount of \$36,374,400 (the "Facility Limit"). The purpose of the Facility is so that the Borrowers can purchase certain real estate and business assets in the state of Michigan, to make additional permitted acquisitions and for general corporate and operating purposes.

The obligations under the Facility are due and payable on the earlier of: (a) the termination date (being January 4, 2020); and (b) the acceleration date (being the earlier of the date of an insolvency event or that a demand notice is delivered pursuant to the terms of the Credit Agreement).

In respect of the advance made by the Lender to the Borrowers under the Facility, the Borrowers agreed to pay the Lender:

- a) Interest at the prime rate plus 10.55% per annum calculated and compounded monthly, payable monthly in arrears on the last day of each month; and
- b) A work fee equal to \$909,360 (the "Work Fee") (paid by the Company).

The obligations under the Facility are secured by general security agreements on each Borrower, mortgages on certain owned real property of PharmaCo among other security obligations.

As the funds under the Facility (net of the Work Fee, commissions and other transaction expenses of the Lender) were advanced by the Lender directly to MichiCann, MichiCann in turn advanced the funds (net of MichiCann's transaction expenses) to PharmaCo pursuant to a Promissory Note issued by PharmaCo to MichiCann in the principal amount of \$30,648,517 (Note 6). Any amounts payable by PharmaCo or MichiCann to the Lender under the Facility will reduce the amount of PharmaCo's obligations to MichiCann on a dollar for dollar basis under the Promissory Note.

The Company paid financing fees related to the Facility, including the Work Fee, of \$2,361,459 which has been included as commission expenses for the year ended December 31, 2019. The Company also deducted a debt service reserve of \$3,323,524 from the total principal amount which serves to pay the interest on the Facility as it is incurred. During the year ended December 31, 2019, the Company incurred interest expense of \$3,540,353 on the Facility. As such, as of December 31, 2019 the debt service reserve balance is \$nil and the Company has interest payable of \$229,399 included in the bridge financing amount.

During the year ended December 31, 2019, the Company paid deposit of \$133,000 for additional professional fees. The remaining balance of the deposit as at December 31, 2019 was \$72,500.

On January 10, 2020, the Facility was amended (the "Amended Facility") pursuant to an amended and restated agreement between the Lender, MichiCann (as guarantor) and PharmaCo, RWB Illinois, Inc. ("RWB") and MAG (collectively as borrowers).

The Amended Facility increased the Facility Limit to USD \$49,750,000 in the aggregate of which USD \$27,000,000 was to refinance the existing Facility and USD \$22,750,000 was used to complete the MAG Acquisition (Note 17) and for general corporate and operating purposes.

The obligations under the Amended Facility are due and payable on the earlier of:

- (a) the termination date (being July 10, 2021 subject to the right of the Borrowers to extend the termination date by paying a 1% fee for two additional six-month periods for a total of 30 months); and

16. Proposed Transactions

Tidal

On May 8, 2019, the Company executed a business combination agreement (the “Definitive Agreement”) with Tidal pursuant to which Tidal will acquire all of the issued and outstanding shares of the Company (the “Proposed Transaction”). Under the terms of the Definitive Agreement, all of the issued and outstanding common shares of MichiCann will be exchanged on the basis of 2.08 common shares of Tidal, for each one (1) MichiCann common share, subject to adjustment in certain circumstances as set out in the Definitive Agreement (the “Exchange Ratio”). Upon completion of the Proposed Transaction, and assuming no other issuances of securities by MichiCann, existing MichiCann and Tidal shareholders will own approximately 80% and 20% of the resulting company (the “Resulting Issuer”), respectively, on a fully diluted basis. All outstanding options and warrants to purchase MichiCann common shares will be replaced with options and warrants to purchase common shares of the Resulting Issuer in accordance with the Exchange Ratio.

The Proposed Transaction will be completed by way of a three-cornered amalgamation under the Business Corporations Act (Ontario), whereby 2690229 Ontario Inc., a wholly owned subsidiary of Tidal will amalgamate with the Company (the “Amalgamation”). The Proposed Transaction will constitute a “Fundamental Change” of the Company, as such term is defined in the policies of the Canadian Securities Exchange (the “CSE”) and as a result Tidal will be required to obtain the approval of the holders of its outstanding common shares, by simple majority, which it intends to obtain by way of written consent.

Immediately prior to the completion of the Amalgamation, Tidal will (i) complete a share consolidation on an 8:1 basis (the “Consolidation”), (ii) the Company will change its name to “Red White & Bloom Inc.” or such other name (the “Name Change”).

Pursuant to the terms of the Definitive Agreement, the closing of the Proposed Transaction is subject to a number of conditions, including but not limited to (i) obtaining requisite shareholder approvals, (ii) the completion of the Consolidation, the Name Change and the board appointments, (iii) obtaining requisite regulatory approvals including the approval of the CSE for the Proposed Transaction and the listing of the common share of the Resulting Issuer, (iv) obtaining escrow agreements from the directors and officers of each of MichiCann and Tidal, and certain shareholders of each of MichiCann, its Michigan based investee and Tidal pursuant to which the escrowed shares would be subject to restrictions on transfer and other dealings and released in three equal tranches over a period of 18 months following the closing of the Proposed Transaction, and (vi) other closing conditions customary for transactions of this nature.

On March 12, 2020, the Company entered into an amended and restated business combination agreement (the “Amended Agreement”) with Tidal (Note 17) pursuant to which Tidal will acquire all of the issued and outstanding shares of the Company on a 2:1 basis, subject to adjustment in certain circumstances (the “Amended Exchange Ratio”). The terms of the Amended Agreement provide that the share consideration will now be comprised of one common share (the “Common Shares”) and one series 2 convertible preferred share (the “Series 2 Shares”) of the Resulting Issuer. The Series 2 Shares to be issued to MichiCann shareholders (i) will carry voting rights (entitling a holder to one vote per Series 2 Share held, voting together with the holders of common shares), (ii) will be entitled to 5% annual dividends payable in additional Series 2 Shares (the “Dividends”), (iii) will be convertible (together with accrued Dividends) into Common Shares on a 1:1 basis at the option of the holder on or after the seven month anniversary of their issuance date, and (iv) will automatically be converted on the same basis on the two year anniversary of their issuance date. All outstanding options and warrants to purchase MichiCann common shares will be exchanged with options and warrants to purchase common shares and Series 2 Shares in accordance with the Amended Exchange Ratio.

The Amended Agreement contemplates the following changes: Immediately prior to the completion of the Amalgamation, Tidal will (i) complete a share consolidation on a 16:1 basis (the “Amended

Consolidation”), (ii) change its name to “Red White & Bloom Brands Inc.” and (iii) reconstitute its board of directors such that the board of the Resulting Issuer will consist of five (5) directors, which will include two (2) members of the current board of Tidal and three (3) nominees of MichiCann (the “Board Appointments”).

Pursuant to the terms of the Amended Agreement, the closing of the Proposed Transaction is subject to a number of conditions, including but not limited to (i) obtaining the requisite shareholder approvals, (ii) the completion of the Amended Consolidation, the Name Change and the Board Appointments, (iii) obtaining requisite regulatory approvals including the approval of the CSE for the Proposed Transaction and the listing of the Common Shares, (iv) obtaining escrow agreements from the directors and officers of each of MichiCann and Tidal, and certain shareholders of each of MichiCann and Tidal pursuant to which the escrowed shares would be subject to restrictions on transfer and other dealings and released in three equal tranches over a period of 18 months following the closing of the Proposed Transaction, and (v) other closing conditions customary for transactions of this nature.

Kings Garden Inc.

On July 25, 2019, the Company entered a LOI with Kings Garden Inc. (“Kings Garden”) pursuant to which the Company will acquire all of the issued and outstanding shares of Kings Garden. Under the terms of the LOI, all of the issued and outstanding shares of Kings Garden will be exchanged for the following consideration:

- a. USD \$30,000,000, net of a tax gross-up (not to exceed USD \$48,600,000 total) and payment of brokerage fees expected to be approximately USD \$6,000,000, payable in cash and equity on the same proportionate ratio as the total consideration for the acquisition of Kings Garden;
- b. USD \$255,000,000 in MichiCann shares to the Kings Garden shareholders. If the acquisition of Kings Garden is not completed by October 30, 2019, except due to delays caused by Kings Garden shareholders or regulatory agencies, the amount increases to USD \$280,500,000 in MichiCann Shares;
- c. USD \$12,500,000 invested in Kings Garden to fund capital expenditures and other growth in the form of installments of USD \$6,250,000 at the closing of the acquisition of Kings Garden, and the balance on a mutually approved schedule.

Pursuant to the terms of the LOI, the closing of the acquisition of Kings Garden is subject to a number of conditions, including but not limited to (i) the completion of due diligence, (ii) entering into of a definitive agreement by both parties, (iii) approval by the board of directors, (iv) approval by the shareholders of the Company and Kings Garden, (v) approval by the CSE, (vi) the adoption of an equity incentive pool for employees of Kings Garden by the Company, (vii) all outstanding options of Kings Garden will be exchanged for replacement options of MichiCann at an exchange ratio based on the equity valuation of MichiCann, and (viii) other closing conditions customary for transactions of this nature.

As of March 31, 2020, \$1,853,059 has been advanced to Kings Garden under the terms of this LOI and is recorded as a deposit in the condensed interim consolidated statements of financial position.

17. Subsequent Events

Illinois Facility and Mid-American Growers Inc.

On October 9, 2019, the Company entered into an agreement and plan of merger (the “MAG Merger Agreement”) with MAG, RWB Illinois, Inc. and Arthur VanWingerden and Ken VanWingerden (collectively the “MAG Sellers”) pursuant to which the Company will acquire all of the issued and outstanding shares of MAG. MAG has a facility for hemp production on 124 acres of real property commonly known as 14240 Greenhouse Avenue, Granville, Illinois (the “MAG owned property”). The MAG Merger Agreement was amended on November 1, 2019 and January 9, 2020. The merger was completed on April 24, 2020 (“MAG Acquisition”).

Pursuant to the MAG Merger Agreement, on closing of the MAG Acquisition, the Company paid to the MAG Sellers USD \$7,100,000 in cash, USD \$14,963,298 for the settlement of MAG outstanding liabilities and issued to the MAG Sellers 17,133,579 common shares of the Company.

In addition, so long as the MAG Sellers have used commercially reasonable efforts to assist MichiCann and MAG in achieving regulatory approval of a commercial cultivation center license to MAG for the Illinois Facility described below (the "Milestone Event") (i) MichiCann shall issue to the MAG Sellers an additional 2,640,000 common shares of the Company based on a value of USD \$10,000,000 and (ii) only if the Milestone Event is achieved during calendar 2020, MichiCann shall pay to the MAG Sellers in the aggregate an additional USD \$5,000,000 in cash.

Concurrent with the closing of the MAG Acquisition, MichiCann's wholly owned subsidiary, RWB Illinois, Inc. acquired an additional 142 acres of land located in Illinois, together with the buildings, plant facilities, structures, building systems fixtures and improvements located thereon and related personal property and intangibles (together with the MAG owned property, the "Illinois Facility") for USD \$2,000,000 pursuant to a real estate purchase agreement made and entered into as of January 10, 2020 between RWB, VW Properties LLC, as seller, and each of the MAG Sellers.

Tidal Business Combination

On April 28, 2020, the Company announced the closing of the Amalgamation with Tidal pursuant to the terms of the Amended Agreement dated March 12, 2020.

The Amalgamation involved the acquisition of 100% of the Company's issued and outstanding shares on a 2:1 basis. Due to the terms of the Exchange Ratio the previous shareholders of the Company acquired a controlling interest in Tidal and as such the Amalgamation has been accounted for as a reverse takeover transaction with the Company being the resulting issuer for financial reporting purposes. Upon completion of the Amalgamation, Tidal changed its name to Red, White & Bloom Brands Inc.

The assets and liabilities of Tidal cannot be disclosed at this time because the Company is still in the process of completing the closing balance sheet and the valuation of assets and liabilities acquired.

High Times

On June 11, 2020, the Company entered into an definitive agreement (the "Licensing Agreement") to acquire the licensing rights for the branding of High Times dispensaries and High Times cannabis-based CBD and THC products in the States of Michigan, Illinois and Florida and branding of High Times hemp derived CBD products nationally in the United States carrying the Culture brand.

Under the terms of the Licensing Agreement, the Company has acquired the rights to exclusively brand both medical and recreational dispensaries and cannabis products within the States of Michigan, Illinois and Florida. The Company plans to sub-license these rights to its investee in Michigan for its 18 planned and operational dispensaries, to be rebranded as High Times stores and allow the investee to create and sell cannabis derived products both within their own locations as well as to third parties in Michigan.

The Licensing Agreement includes the Company securing the rights from HT Retail Licensing, LLC ("HT") to Culture for the branding of CBD and whole hemp flower products nationally in the United States.

Immediately prior to the entering into of the Licensing Agreement, 1251881 B.C. Ltd. ("Newco") entered into: (i) a retail license agreement with HT whereby Newco was granted the right to use certain intellectual property associated with retail dispensary and local delivery services for cannabis products, cannabis accessories and merchandise in Michigan, Illinois and Florida; and (ii) a product licensing agreement with HT whereby Newco was granted an exclusive license to use certain intellectual property related to the commercialization of cannabis products in Michigan, Illinois and Florida and CBD products nationally carrying HT brands.

MichiCann Medical Inc.

Notes to the condensed interim consolidated financial statements
For the three month periods ended March 31, 2020 and 2019

RED WHITE & BLOOM APPOINTS CNBC MARKET ANALYST STEVEN GRASSO AS BUSINESS ADVISOR

Toronto, Ontario, July 16, 2020 – [Red White & Bloom Brands Inc.](#) (CSE: RWB and OTC: RWBYF) (“**RWB**” or the “**Company**”) is pleased to announce that it has appointed Steven Grasso as Business Advisor to the Company.

Steven Grasso began his career on the floor of the New York Stock Exchange in 1993. He joined Stuart Frankel & Co. as an institutional sales trader in 1999. As Director of Institutional Sales for Stuart Frankel & Co., Steven has worked closely with some of the largest mutual funds, pension funds, insurance companies, and hedge funds in the world directly from the floor of the Stock Exchange. Over his 27-year career, Steven has actively participated in various Stock Exchange committees ranging from allocating new listings to designated market makers to developing standardized tests that the floor community uses for continuing education. Steven closely follows the Washington D.C./Markets connection, using his extensive Capitol Hill and SEC relationships to better inform his clients on policy changes and regulation.

Steven is perhaps best known for being a CNBC market analyst and is a regular on CNBC’s popular “Fast Money” show, which airs daily during the business week and has an average daily viewership that currently exceeds 250,000. Mr. Grasso also speaks at many traders’ conferences across the country on a regular basis, as well as business round tables with many influential leaders of industry where he addresses a broad range of market related issues, including the effects of regulation and the political process on equities.

“Steve has been assisting the company for some time and we are pleased that he has agreed to take an expanded role as a business advisor,” stated Brad Rogers, CEO of RWB. “We believe Mr. Grasso’s significant experience in the financial markets coupled with his relationships in the Healthcare and Life Sciences industries will be a great asset to us as we move forward with our expansion plans in the US.

FORWARD LOOKING INFORMATION

This press release contains forward-looking statements and information that are based on the beliefs of management and reflect the Company's current expectations. When used in this press release, the words "estimate", "project", "belief", "anticipate", "intend", "expect", "plan", "predict", "may" or "should" and the negative of these words or such variations thereon or comparable terminology are intended to identify forward-looking statements and information. The forward-looking statements and information in this press release includes information relating to the implementation of Red White & Bloom's business plan. Such statements and information reflect the current view of the Company with respect to risks and uncertainties that may cause actual results to differ materially from those contemplated in those forward-looking statements and information.

By their nature, forward-looking statements involve known and unknown risks, uncertainties and other factors which may cause our actual results, performance or achievements, or other future events, to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements. Such factors include, among others, the following risks: risks associated with the implementation of Red White & Bloom's business plan and matters relating thereto, risks associated with the cannabis industry, competition, regulatory change, the need for additional financing, reliance on key personnel, the potential for conflicts of interest among certain officers or directors, and the volatility of the Company's common share price and volume. Forward-looking statements are made based on management's beliefs, estimates and opinions on the date that statements are made and the Company undertakes no obligation to update forward-looking statements if these beliefs, estimates and opinions or other circumstances should change. Investors are cautioned against attributing undue certainty to forward-looking statements.

There are a number of important factors that could cause the Company's actual results to differ materially from those indicated or implied by forward-looking statements and information. Such factors include, among others, risks related to Red White & Bloom's proposed business, such as failure of the business strategy and government regulation; risks related to Red White & Bloom's operations, such as additional financing requirements and access to capital, reliance on key and qualified personnel, insurance, competition, intellectual property and reliable supply chains; risks related to Red White & Bloom and its business generally. The Company cautions that the foregoing list of material factors is not exhaustive. When relying on the Company's forward-looking statements and information to make decisions, investors and others should carefully consider the foregoing factors and other uncertainties and potential events. The Company has assumed a certain progression, which may not be realized. It has also assumed that the material factors referred to in the previous paragraph will not cause such forward-looking statements and information to differ materially from actual results or events. However, the list of these factors is not exhaustive and is subject to change and there can be no assurance that such assumptions will reflect the actual outcome of such items or factors. While the Company may elect to, it does not undertake to update this information at any particular time.

THE FORWARD-LOOKING INFORMATION CONTAINED IN THIS PRESS RELEASE REPRESENTS THE EXPECTATIONS OF THE COMPANY AS OF THE DATE OF THIS PRESS RELEASE AND, ACCORDINGLY, IS SUBJECT TO CHANGE AFTER SUCH DATE. **RED WHITE & BLOOM BRANDS SIGNS BINDING LETTER OF INTENT TO
ACQUIRE 100% OF PLATINUM VAPE**

- *Platinum is a premium cannabis brand with a current annualized revenue run rate in excess of US \$70,000,000 with EBITDA between 25%-30% without forward synergies of an additional estimated 7%-10%*
- *Platinum Vape products, including vapes, packaged flower, edibles and pre-rolls are sold at over 700 retailers in Michigan, California and Oklahoma*

Toronto, Ontario, July 22, 2020 – [Red White & Bloom Brands Inc.](#) (CSE: RWB and OTC: RWBYF) (“**RWB**” or the “**Company**”) is pleased to announce that it has signed a binding letter of intent (the “**LOI**”) to acquire a group of California-based companies operating under the name [Platinum Vape](#) (“**Platinum Vape**” or “**Platinum**”) with an expected closing in the current quarter.

The acquisition of Platinum Vape is the first acquisition by RWB since going public and also marks RWB’s entry into California, furthering the Company’s strategic plan of expansion. Platinum Vape are purveyors of a full product line of premium cannabis products sold at over 700 retailers throughout Michigan, California and Oklahoma boasting an 84% rating (4.2/5) on WeedMaps.com .

Platinum was started 9 years ago by father and son duo, George and Cody Sadler. Fresh out of college, Cody convinced his Father to embark on what has become a storied journey ever since. Based on the principles of quality, hard work and customer service, they grew the business with no outside investors into one of the most successful and storied brands in the space today. With the success came numerous media stories and appearances with some of the most notable pieces being:

- [Blazing Sadlers: The Incredible True Story Of A Cannabis Family \(GreenentrEpreneur.com\)](#)
- [George Sadler Cofounder Of Platinum Vape Gets Gnarly With 5 Questions \(Forbes.com\)](#)
- [This ‘Band of Brothers’ Works Together to Channel Cannabis Profits to Wounded Veterans \(LeafReport.com\)](#)
- [Family-run Platinum Strikes Gold in the Cannabis Market with Financial Discipline \(NewCannabisVentures.com\)](#)

Brad Rogers, Chairman & CEO of RWB, commented: “George and Cody, the founders and operators of Platinum Vape, are visionaries in the cannabis market and have done an incredible job in building the pre-eminent vape company in the United States through commitment to quality, education, and the communities they serve. One of the things that struck me is the balance they have achieved in running a profitable successful business, which will add tremendously to RWB’s top and bottom lines, while

maintaining their commitment to supporting social issues, both financially and through awareness with the REACT program they established. As part of the RWB family, I look forward to supporting the growth of Platinum and the tradition of excellence established by Platinum and the incredible people that have made them a success.”

George and Cody Sadler, Founders of Platinum Vape, commented : “We at Platinum Vape are excited to have done such an amazing deal to integrate PV into the RWB family. Cody and I have been building the business for nine years so far and feel that RWB is the best place to continue not only the growth of PV for us, but for our family as well. We couldn’t be happier with our decision.”

The Platinum Vape Family

Vape Cartridges

Platinum Vape offers a wide range of disposable and reusable vape cartridges as well as pods in a variety of strain-specific flavors and effects.

Chocolates

Platinum Vape’s cannabis-infused chocolates are carefully crafted, palate driven creations that check all the right boxes. By combining the skills of a sophisticated chocolatier with seasoned cannabis experts, they were able to create a multi-faceted high that satisfies both your experience and your taste buds.

Gummies

Platinum Vape’s Gummy Coins are not your average infused treat. Meticulously crafted on candy traditions of its German origins, each uniquely flavored gummy provides a delightfully chewy experience.

Their reusable tins are filled with 20 Gummy Coins that contain 5mg THC, thus promoting convenience and portability.

Packaged Flower and Pre-rolls

Platinum Vape's indoor grown cannabis flower is cultivated to an unprecedented level of perfection. Their farming partners are masters at their craft to ensure cannabis flower that is unprocessed, pesticide-free, and lab tested. The traditions of growing, cutting, drying and curing are never rushed resulting in optimal consistency and high-potency cannabis. Available in both jars and pre-rolls, we categorize our strains under three effects: Indica, Sativa and Hybrid.

In the Community

Platinum uses its products to support a variety of social causes. Its [REACT](#) vape line uses the same cartridges and oils as its Platinum Vape products, but a portion of the proceeds goes to different charities. Thus far, the company has worked with organizations that support animal rescue, breast cancer awareness, suicide prevention, veterans, children's hospitals, world hunger and LGBTQ pride.

Terms of the Transaction

Under the terms of the LOI, RWB and the securityholders of Platinum Vape will enter into a definitive agreement (the "**Definitive Agreement**") pursuant to which RWB will acquire all of the ownership interests in Platinum Vape and Platinum Vape will become a wholly owned subsidiary of RWB in exchange for a total cash payment of US\$35 million, consisting of US\$7 million in cash payable at closing, a further US\$13 million in cash payable within 120 days of closing and a US\$15 million convertible note, only convertible after 12 months, payable on the third anniversary of closing. Additionally, the selling securityholders of Platinum Vape will be entitled to receive up to a further US\$25 million on the first anniversary of closing, contingent on Platinum Vape achieving certain financial milestones.

Entering into the Definitive Agreement and closing of the transaction are conditional on satisfactory due diligence as well as other conditions customary in transactions of this nature, including receipt of regulatory approvals. The Company expects to sign the Definitive Agreement in August and close the transaction in September of 2020.

About Platinum Vape

Platinum Vape is a conglomeration of cannabis companies with a passion to perfect an oil that is powerful, consistent, and desirable. It all begins with selecting the finest plants for extraction. Platinum Vape's farming partners are masters at their craft, ensuring a pesticide-free, high-potency cannabis

flower. With its core values of honesty and transparency, Platinum Vape takes pride in bringing their superior range of products to its family of consumers in Michigan, Oklahoma and California.

RED WHITE & BLOOM BRANDS EXERCISES RIGHT TO ACQUIRE PHARMACO OF MICHIGAN

Upon closing of the transaction, RWB's financials will all be consolidated under the Public Company umbrella

Toronto, Ontario, July 27, 2020 – Red White & Bloom Brands Inc. (CSE: RWB and OTC: RWBYF) (“**RWB**” or the “**Company**”) is pleased to announce that it has provided notice to PharmaCo, Inc. (“**PharmaCo**”), of its intent to exercise the Company’s right to acquire 100% of PharmaCo.

RWB, through its wholly owned subsidiary MichiCann Medical Inc., has provided financing to PharmaCo since late 2018 and has had the right to exercise an option to acquire PharmaCo, which was negotiated as part of its financing. The Company, having now provided notice of its intent to exercise the right to acquire PharmaCo, submitted its change of ownership application with the Michigan Regulatory Agency (“**MRA**”) to take over ownership of PharmaCo.

“PharmaCo has established significant market share within the state of Michigan. Now that we have completed our go public transaction, we felt that the time was right for us to take the next step of rolling our critical mass asset base together in what we believe is one of the top 3 most important cannabis states by market size and potential”

“This will simplify and streamline the structure of the Company, more easily evidencing the overall underlying value of RWB for our shareholders and stakeholders. PharmaCo has worked very hard on building out these assets for the last 2+ years and we believe it is time for us to enter this large and important market, taking advantage of PharmaCo’s early mover advantage. Once closed, both retail and institutional investors should benefit from this now straightforward structure,” said Brad Rogers, CEO of RWB.

A Michigan State University recent [report](#)¹ on the potential size of the Michigan cannabis market stated, “It is estimated that the level of retail sales once it becomes widely available is approximately \$3 billion with a total economic impact in excess of \$7.8 billion.”

The all-share remuneration under the call option allows the Company to acquire PharmaCo in exchange for 37 million units (“**Units**”) (as defined below) of the Company, subject to certain adjustments and regulatory approvals.

Each Unit shall consist of one common share (each, a “**Common Share**”) and one series 2 convertible preferred share (each, a “**Series 2 Preferred Share**” and collectively, the “**Series 2 Preferred Shares**”) in the capital of the Company. Each Series 2 Preferred Share shall be convertible, in accordance with the formula as set out in the terms in the Company’s articles, at any time or times on or after November 24, 2020 and before April 24, 2022. Any Series 2 Preferred Shares outstanding on April 24, 2022 shall automatically convert into fully paid and non-assessable Common Shares without requiring any further action.
